

Dear **School Organization Leader/Adviser/Coach**:

As a leader, you know the importance of cooperation and hard work when it comes to serving your school and community. You have seen your organization learn and grow as a team. So, as the school year winds down, give credit where credit is due: to your members and you!

A **student recognition** ad is a creative way to do just that.

Take a moment to look at the sample ads in the yearbook ad brochure to get some idea of the recognition possibilities. It's easy to create an ad, and we'll be glad to help you.

You can use **photos, club insignias, slogans**, or just a **special message** with student names and their achievements.

When you've decided on your ad content, choose a format. Our yearbook offers horizontal or vertical formats in a variety of sizes and costs.

Get the recognition you deserve and encourage other students to join next year to continue the tradition of achievement! Reserve a space in our yearbook today by visiting with a yearbook staff member or Mrs. Kori Braun.

Thanks!

Sincerely,  
The Yearbook Staff
